The Junior Council of The Museum of Modern Art will sponsor an exhibition "Recent Drawings - U.S.A." to be held at The Museum of Modern Art from April 24 to June 10, 1956. This show, open to artists permanently resident in the United States, is intended to emphasize new talent and directions in American drawing. The Museum plans to select as many as 125 drawings, representing a broad national scale. The selection will be considered as a basis for an exhibition to be circulated by the Museum.

Since this exhibition is not intended as an annual review, only work completed during the past five years, since January 1, 1950, may be submitted. One to three drawings may be entered by each artist. For purposes of this exhibition, a drawing will be defined as a work executed in black or one color on paper or paper substance. Drawings which do not meet these requirements cannot be considered. Framed or glazed drawings cannot be accepted. (The Junior Council will frame and mat all drawings the Museum selects for exhibition.) All drawings must be for sale. The Museum will price all drawings and promote public sale. The Museum will also purchase drawings for its own collection. All entries must be delivered or sent prepaid to the Museum between Monday, November 7 and Friday, November 18, 1955. No drawings can be accepted after this date.
